

Course Description

Faculty of Educational Sciences

Study program: Bachelor in Psychology

Course Title: Practicum

Course Credits: 10 ECTS

Language of Instruction: Albanian

Course Description: Getting to know the institutions and the types of psychological services they offer is the main focus of this course. The course is organized with a variety of activities. 1. Practical experience in the institution/organization. Credits for this course require the student to work approximately 4 hours per week in an environment where psychological services are provided. 2. Internship meetings. Practical meetings will be held continuously. During the meetings, students' experiences will be shared, where each student will present cases or issues related to practical experience, supervision and discussion of ethical issues. 3. Meetings with specialists. During this course, students will have the opportunity to participate in special meetings in which specialist psychologists from different fields will be invited, who will share their experience with the students.

Course Goals: The main purpose of the practicum course is to provide a series of integrated and coordinated learning experiences that will serve students to: a) practice and extend the knowledge and skills learned; b) developed new skills and knowledge; c) to experience personal and professional growth and development.

Course Requirements: To complete the course students will be required to frequent all activities of the course.

Grading: Evaluation form Supervisor 20 points; Active participation during internship meetings 15 points; Active participation during meeting with specialists 15 points; Final report 50 points.

Course Schedule: 4 hour / week. Total=29 weeks
